## ABOUT THIS PROSPECTUS

The LSV Value Equity Fund (the “Fund”) is a separate series of The Advisors’ Inner Circle Fund (the “Trust”), a mutual fund family that offers separate investment portfolios. The portfolios have individual investment goals and strategies. This prospectus gives you important information about the Fund that you should know before investing. Please read this prospectus and keep it for future reference.

*This prospectus has been arranged into different sections so that you can easily review this important information. For detailed information about the Fund, please see:*

## LSV VALUE EQUITY FUND

### Fund Summary

Investment Goal .....	Long-term growth of capital
Investment Focus .....	Medium- to large-capitalization U.S. common stocks
Share Price Volatility .....	High
Principal Investment Strategy .....	Investing in undervalued stocks which are out-of-favor in the market
Investor Profile.....	Investors who seek long-term growth of capital and income and are willing to bear the risk of investing in equity securities

### PRINCIPAL INVESTMENT STRATEGIES

The LSV Value Equity Fund invests primarily in equity securities. In selecting securities for the Fund, LSV Asset Management (“LSV” or the “Adviser”) focuses on medium to large U.S. companies (i.e., those with market capitalizations of \$1 billion or more at the time of purchase) whose securities, in the Adviser’s opinion, are out-of-favor (undervalued) in the marketplace at the time of purchase and have potential for near-term appreciation. The Fund may also invest, to a lesser extent, in common stocks of such undervalued companies with small market capitalizations (between \$500 million and \$1 billion). The Adviser believes that these out-of-favor securities will produce superior future returns if their future growth exceeds the market’s low expectations. The Fund expects to remain as fully invested in the above securities as practicable, but in any case, at least 80% of its net assets will be invested in equity securities. This investment policy can be changed by the Fund upon 60 days’ prior notice to shareholders.

The Adviser uses a strictly quantitative investment model to make investment decisions for the Fund. The investment model ranks securities based on fundamental measures of value (such as the price-to-earnings ratio) and indicators of near-term appreciation potential (such as recent price appreciation). The investment model selects the stocks to buy from the higher-ranked stocks and selects stocks to sell from those whose rankings have decreased. This investment strategy seeks to control overall portfolio risk while seeking to maximize the expected return. The Fund is expected to experience a low level of portfolio turnover.

### PRINCIPAL RISKS

As with all mutual funds, a shareholder is subject to the risk that his or her investment could lose money. The principal risk factors affecting shareholders’ investments in the Fund are set forth below.

Since it purchases equity securities, the Fund is subject to the risk that stock prices will fall over short or extended periods of time. Historically, the equity markets have moved in cycles, and the value of the Fund’s equity securities may fluctuate drastically from day-to-day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response. These factors contribute to price volatility, which is the principal risk of investing in the Fund.

The smaller-capitalization companies in which the Fund may invest may be more vulnerable to adverse business or economic events than larger, more established companies. In particular, these small-sized companies may pose additional risk including liquidity risks, because these companies tend to have limited product lines, markets and financial resources, and may depend upon a relatively small management group. Therefore, small-cap stocks may be more volatile than those of larger companies. These securities may be traded over the counter or listed on an exchange.

The Fund is also subject to the risk that mid- to large-capitalization equity value securities may underperform other segments of the equity market or the equity market as a whole.

The Fund pursues a “value style” of investing. Value investing focuses on companies with stocks that appear undervalued in light of factors such as the company’s earnings, book value, revenues or cash flow. If the Adviser’s assessment of a company’s value or prospects for exceeding earnings expectations or market conditions is wrong, the Fund could suffer losses or produce poor performance relative to other funds. In addition, “value stocks” can continue to be undervalued by the market for long periods of time.

## PERFORMANCE INFORMATION

The bar chart and the performance table below illustrate the risks and volatility of an investment in the Fund. Of course, the Fund’s past performance does not necessarily indicate how the Fund will perform in the future.

The bar chart shows how the performance of the Fund has varied from calendar year to calendar year.

**Best Quarter**  
**19.09%**  
**(06/30/03)**

**Worst Quarter**  
**(23.06)%**  
**(12/31/2008)**

## AVERAGE ANNUAL TOTAL RETURNS

*This table compares the Fund’s average annual total returns for the periods ended December 31, 2008 to those of the Russell 1000 Value Index.*

	<b>1 Year</b>	<b>5 Years</b>	<b>Since Inception*</b>
<b>Fund Returns Before Taxes</b>	(39.21)%	(1.11)%	3.21%
<b>Fund Returns After Taxes on Distributions**</b>	(39.99)%	(2.07)%	2.44%
<b>Fund Returns After Taxes on Distributions and Sale of Fund Shares**†</b>	(25.49)%	(1.05)%	2.59%
<b>Russell 1000 Value Index Return (reflects no deduction for fees, expenses, or taxes)</b>	(36.85)%	(0.79)%	1.25%

\* Inception date is March 31, 1999.

\*\* After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Your actual after-tax returns will depend on your tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts.

† Returns after taxes on distributions and sale of Fund shares may be higher than before-tax returns when a net capital loss occurs upon the redemption of Fund shares.

**What is an Index?**

An index measures the market prices of a specific group of securities in a particular market or securities in a market sector. You cannot invest directly in an index. Unlike a mutual fund, an index does not have an investment adviser and does not pay any commissions or expenses. If an index had expenses, its performance would be lower. The Russell 1000 Value Index is a widely-recognized, capitalization-weighted (companies with larger market capitalizations have more influence than those with smaller market capitalization) index of U.S. companies with lower forecasted growth rates and price-to-book ratios.

**FUND FEES AND EXPENSES**

*This table describes the fees and expenses that you may pay if you buy and hold Fund shares.*

<b>Annual Fund Operating Expenses</b> (expenses deducted from Fund assets)*	
Investment Advisory Fees .....	0.55%
Other Expenses .....	<u>0.09%</u>
Total Annual Fund Operating Expenses.....	0.64%

\* *The Fund’s transfer agent may charge a \$10 fee for each wire redemption.*

For more information about Investment Advisory Fees, see “Investment Adviser.”

**Example**

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and that you sell your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year, Fund operating expenses remain the same and you reinvest all dividends and distributions. Although your actual costs and returns might be different, based on these assumptions your approximate costs of investing \$10,000 in the Fund would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$65	\$205	\$357	\$798

## **MORE INFORMATION ABOUT RISK**

The Fund is a mutual fund. A mutual fund pools shareholders' money and, using professional investment managers, invests it in securities.

The Fund has an investment goal and strategies for reaching that goal. The Adviser invests Fund assets in a way that it believes will help the Fund achieve its goal. Still, investing in the Fund involves risk and there is no guarantee that the Fund will achieve its goal. The Adviser's judgments about the markets, the economy, or companies may not anticipate actual market movements, economic conditions or company performance, and these judgments may affect the return on your investment. In fact, no matter how good a job the Adviser does, you could lose money on your investment in the Fund, just as you could with other investments. **A Fund share is not a bank deposit and it is not insured or guaranteed by the FDIC or any government agency.**

The value of your investment in the Fund is based on the market prices of the securities the Fund holds. These prices change daily due to economic and other events that affect particular companies and other issuers. These price movements, sometimes called volatility, may be greater or lesser depending on the types of securities the Fund owns and the markets in which they trade. The effect on the Fund of a change in the value of a single security will depend on how widely the Fund diversifies its holdings.

Equity securities include public and privately issued equity securities, common and preferred stocks, warrants, rights to subscribe to common stock and convertible securities, as well as instruments that attempt to track the price movement of equity indices. Investments in equity securities in general are subject to market risks that may cause their prices to fluctuate over time. The value of such securities convertible into equity securities, such as warrants or convertible debt, is also affected by prevailing interest rates, the credit quality of the issuer and any call provision. Fluctuations in the value of equity securities in which a mutual fund invests will cause the Fund's net asset value ("NAV") to fluctuate. An investment in a portfolio of equity securities may be more suitable for long-term investors who can bear the risk of these share price fluctuations.

## **MORE INFORMATION ABOUT FUND INVESTMENTS**

The investments and strategies described in this prospectus are those that the Fund uses under normal conditions. During unusual economic or market conditions, or for temporary defensive purposes, the Fund may invest up to 100% of its assets in money market instruments and other cash equivalents that would not ordinarily be consistent with its investment objective. If the Fund invests in this manner, it may not achieve its investment objectives. The Fund will only make temporary defensive investments if the Adviser believes that the risk of loss outweighs the opportunity for total return or capital growth.

This prospectus describes the Fund's principal investment strategies, and the Fund will normally invest in the types of securities described in this prospectus. In addition to the investments and strategies described in this prospectus, the Fund also may invest, to a lesser extent, in other securities, use other strategies and engage in other investment practices that are not part of its principal investment strategies. These investments and strategies, as well as those described in this prospectus, are described in detail in the Statement of Additional Information ("SAI") (for information on how to obtain a copy of the SAI, see the back cover of this prospectus). For liquidity purposes, the Fund may invest a portion of its assets in cash, money market instruments or equity index futures contracts. However, the Fund intends to remain as fully invested as practicable regardless of market conditions. Of course, the Fund cannot guarantee that it will achieve its investment goal.

## **INFORMATION ABOUT PORTFOLIO HOLDINGS**

A description of the Fund's policy and procedures with respect to the circumstances under which the Fund discloses its portfolio holdings is available in the SAI.

## **INVESTMENT ADVISER**

The Adviser makes investment decisions for the Fund and continuously reviews, supervises and administers the Fund's investment program. The Trust's Board of Trustees (the "Board") supervises the Adviser and establishes policies that the Adviser must follow in its management activities.

Formed in 1994, LSV Asset Management is a quantitative value equity manager providing active asset management for institutional clients through the application of proprietary models. As of December 31, 2008, LSV had approximately \$40 billion in assets under management. The Adviser's principal place of business is located at 1 North Wacker Drive, Suite 4000, Chicago, IL 60606.

For its services to the Fund, the Adviser is entitled to an annual investment advisory fee, calculated daily and paid monthly, of 0.55% of the average daily net assets of the Fund. For the fiscal year ended October 31, 2008, the Adviser received advisory fees, as a percentage of the Fund's average daily net assets, of 0.55%. A discussion regarding the basis for the Board's approval of the Fund's investment advisory agreement can be found in the Fund's Semi-Annual Report to Shareholders dated April 30, 2008, which covers the period from November 1, 2007 to April 30, 2008.

## **PORTFOLIO MANAGERS**

The Fund is managed by a team of investment professionals. The following portfolio managers are jointly and primarily responsible for the day-to-day management of the Fund. The SAI provides additional information about the portfolio managers' compensation, other accounts managed and ownership of Fund shares.

Josef Lakonishok has served as CEO, CIO, Partner and portfolio manager for LSV since its founding in 1994. He has more than 30 years of investment and research experience.

Menno Vermeulen, CFA, has served as a portfolio manager and senior quantitative analyst of LSV since 1995 and a Partner since 1998. He has more than 17 years of investment and research experience. Prior to joining LSV, Mr. Vermeulen served as a portfolio manager for ABP Investments.

Puneet Mansharamani, CFA, has served as a Partner and portfolio manager since 2006 and a Quantitative Analyst of LSV since 2000. He has more than 10 years of investment experience. Mr. Mansharamani earned a B.S. in Engineering from Delhi University, Delhi College of Engineering in 1997 and an M.S. in Engineering at Case Western Reserve University, Case School of Engineering in 2001.

## **PURCHASING AND SELLING FUND SHARES**

This section tells you how to purchase and sell (sometimes called "redeem") shares of the Fund.

The Fund is for individual and institutional investors.

### **How to Purchase Fund Shares**

To purchase shares directly from the Fund, complete and send in the application. If you need an application or have questions, please call 1-888-FUND-LSV.

All investments must be made by check, Automated Clearing House (ACH), or wire. All checks must be made payable in U.S. dollars and drawn on U.S. financial institutions. The Fund does not accept purchases made by third-party checks, credit cards, credit card checks, cash, traveler's checks, money orders or cashier's checks.

Shares of the Fund may also be purchased “in-kind,” subject to the Adviser’s determination that the securities are acceptable investments for the Fund. In an in-kind purchase, investors transfer securities to the Fund in exchange for Fund shares. Securities accepted by the Fund in an in-kind purchase will be valued at market value. More information about in-kind purchases is discussed in the SAI.

You may also buy shares through accounts with brokers and other institutions that are authorized to place trades in Fund shares for their customers. If you invest through an authorized institution, you will have to follow its procedures, which may be different from the procedures for investing directly. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund. You will also generally have to address your correspondence or questions regarding the Fund to your institution.

The Fund reserves the right to reject any specific purchase order, including exchange purchases, for any reason. The Fund is not intended for excessive trading by shareholders in response to short-term market fluctuations. For more information about the Fund’s policy on excessive trading, see “Excessive Trading Policies and Procedures.”

The Fund does not generally accept investments by non-U.S. persons. Non-U.S. persons may be permitted to invest in the Fund subject to the satisfaction of enhanced due diligence. Please contact the Fund for more information.

#### **By Automatic Investment Plan (Via Automated Clearing House or ACH)**

You may not open an account via ACH. However, once you have established an account, you can set up an automatic investment plan by mailing a completed application to the Fund. These purchases can be made monthly, quarterly, semi-annually and annually in amounts of at least \$25. To cancel or change a plan, write to the Fund at: LSV Value Equity Fund, P.O. Box 219009, Kansas City, Missouri 64121-9009, (Express Mail Address: DST Systems, Inc. c/o LSV Value Equity Fund, 430 West 7th Street, Kansas City, MO 64105). Please allow up to 15 days to create the plan and 3 days to cancel or change it.

#### **General Information**

You may purchase shares on any day that the New York Stock Exchange (the “NYSE”) is open for business (a “Business Day”). Shares cannot be purchased by Federal Reserve wire on days when either the NYSE or the Federal Reserve is closed. The price per share will be the NAV next determined after the Fund receives your purchase order in proper form. “Proper form” means that the Fund was provided a complete and signed account application, including the investor’s social security number, tax identification number, and other identification required by law or regulation, as well as sufficient purchase proceeds.

The Fund calculates its NAV once each Business Day as of the regularly-scheduled close of normal trading on the NYSE (normally, 4:00 p.m., Eastern Time). To receive the current Business Day’s NAV, the Fund must receive your purchase order in proper form before 4:00 p.m., Eastern Time. If the NYSE closes early – such as on days in advance of certain holidays – the Fund reserves the right to calculate NAV as of the earlier closing time. The Fund will not accept orders that request a particular day or price for the transaction or any other special conditions.

## How the Fund Calculates NAV

NAV for one Fund share is the value of that share's portion of the net assets of the Fund.

In calculating NAV, the Fund generally values its investment portfolio at market price. If market prices are not readily available or the Fund reasonably believes that they are unreliable, such as in the case of a security value that has been materially affected by events occurring after the relevant market closes, the Fund is required to price those securities at fair value as determined in good faith using methods approved by the Fund's Board of Trustees. Pursuant to the policies adopted by and under the ultimate supervision of the Board, these methods are implemented through the Fund's Fair Value Pricing Committee, members of which are appointed by the Board of Trustees. The Fund's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore subject to the unavoidable risk that the value that the Fund assigns to a security may be higher or lower than the security's value would be if a reliable market quotation for the security was readily available.

Although the Fund invests primarily in the stocks of U.S. companies that are traded on U.S. exchanges, there may be limited circumstances in which the Fund would price securities at fair value – for example, if the exchange on which a portfolio security is principally traded closed early or if trading in a particular security was halted during the day and did not resume prior to the time the Fund calculated its NAV.

## Minimum Purchases

To purchase shares of the Fund for the first time, including an initial purchase through an individual retirement account ("IRA"), you must invest at least \$100,000. To meet the Fund's minimum account requirements for IRAs, you will generally need to rollover assets from an existing IRA account. There is no minimum for subsequent investments. The Fund may accept investments of smaller amounts in its sole discretion.

## Fund Codes

The reference information listed below will be helpful to you when you contact the Fund to purchase shares, check daily NAV or obtain additional information.

<b>Fund Name</b>	<b>Trading Symbol</b>	<b>CUSIP</b>	<b>Fund Code</b>
LSV Value Equity Fund	LSVEX	00758M634	1500

## HOW TO SELL YOUR FUND SHARES

If you own your shares directly, you may sell your shares on any Business Day by contacting the Fund directly by mail or telephone at 1-888-FUND-LSV.

If you own your shares through an account with a broker or other institution, contact that broker or institution to sell your shares. Your broker or institution may charge a fee for its services, in addition to the fees charged by the Fund.

If you would like to close your account, or have your sales proceeds, including proceeds generated as a result of closing your account, sent to a third party or an address other than your own, please notify the Fund in writing. The Fund requires that signatures be guaranteed by a bank or member firm of a national securities exchange. Signature guarantees are for the protection of the shareholders. Before granting a redemption request, the Fund may require a shareholder to furnish additional legal documents to ensure proper authorization.

The sale price of each share will be the NAV next determined after the Fund receives your request.

## **Receiving Your Money**

Normally, the Fund will send your sale proceeds within seven days after it receives your request. Your proceeds can be sent to your bank account via wire (may be subject to a \$10 fee) or ACH, or sent to you by check. **If you are selling shares that were recently purchased by check or through ACH, redemption proceeds may not be available until your check has cleared or the ACH transaction has been completed (which may take up to 15 days from your date of purchase).**

### **By Systematic Withdrawal Plan (Via ACH)**

If your account balance is at least \$100,000, you may transfer as little as \$100 per month from your account to another financial institution. To participate in this service you must complete the appropriate sections of the account application and mail it to the Fund.

### **Redemptions In-Kind**

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise and for the protection of the Fund's remaining shareholders the Fund might pay all or part of your redemption proceeds in securities with a market value equal to the redemption price (redemption in kind). The Fund may also redeem in kind to discourage short-term trading of shares. It is highly unlikely that your shares would ever be redeemed in kind, but if they were you would have to pay transaction costs to sell the securities distributed to you, as well as taxes on any capital gains from the sale as with any redemption. In addition, you would continue to be subject to the risks of any market fluctuation in the value of the securities you receive in kind until they are sold.

### **Involuntary Redemptions of Your Shares**

If your account balance drops below \$100,000 because of redemptions, you may be required to sell your shares. The Fund generally will provide you at least 30 days' written notice to give you sufficient time to add to your account and avoid the involuntary redemption of your shares.

### **Suspension of Your Right to Sell Your Shares**

The Fund may suspend your right to sell your shares during times when trading on the NYSE is restricted or halted, or otherwise as permitted by the U.S. Securities and Exchange Commission ("SEC"). More information about this is in the SAI.

### **Telephone Transactions**

Purchasing and selling Fund shares over the telephone is extremely convenient, but not without risk. Although the Fund has certain safeguards and procedures to confirm the identity of callers and the authenticity of instructions, the Fund is not responsible for any losses or costs incurred by following telephone instructions it reasonably believes to be genuine. If you or your financial institution transact with the Fund over the telephone, you will generally bear the risk of any loss.

## **OTHER POLICIES**

### **Excessive Trading Policies and Procedures**

The Fund is intended for long-term investment purposes only and discourages shareholders from engaging in “market timing” or other types of excessive short-term trading. This frequent trading into and out of the Fund may present risks to the Fund’s long-term shareholders and could adversely affect shareholder returns. The risks posed by frequent trading include interfering with the efficient implementation of the Fund’s investment strategies, triggering the recognition of taxable gains and losses on the sale of Fund investments, requiring the Fund to maintain higher cash balances to meet redemption requests and experiencing increased transaction costs.

Because the Fund may invest in small- or mid-cap securities that often may trade in lower volumes, frequent trading by certain shareholders may dilute the value of Fund shares held by other shareholders. In addition, because frequent trading may cause the Fund to attempt to maintain higher cash positions, changes to the Fund’s holdings in response to frequent trading may impact the market prices of such relatively thinly traded securities held by the Fund.

The Fund’s service providers will take steps reasonably designed to detect and deter frequent trading by shareholders pursuant to the Fund’s policies and procedures described in this prospectus and approved by the Fund’s Board. For purposes of applying these policies, the Fund’s service providers may consider the trading history of accounts under common ownership or control. The Fund’s policies and procedures include:

- Shareholders are restricted from making more than four “round trips” into or out of the Fund per calendar year. If a shareholder exceeds this amount, the Fund and/or its service providers may, at their discretion, reject any additional purchase orders. The Fund defines a “round trip” as a purchase into the Fund by a shareholder, followed by a subsequent redemption out of the Fund, of an amount the Adviser reasonably believes would be harmful or disruptive to the Fund.
- The Fund reserves the right to reject any purchase request by any investor or group of investors for any reason without prior notice, including, in particular, if the Fund or its Adviser reasonably believes that the trading activity would be harmful or disruptive to the Fund.

The Fund and/or its service providers seek to apply these policies to the best of their abilities uniformly and in a manner they believe is consistent with the interests of the Fund’s long-term shareholders. Although these policies are designed to deter frequent trading, none of these measures alone nor all of them taken together eliminate the possibility that frequent trading in the Fund will occur. Systematic purchases and redemptions are exempt from these policies.

Financial intermediaries (such as investment advisers and broker-dealers) often establish omnibus accounts in the Fund for their customers through which transactions are placed. In accordance with Rule 22c-2 under the Investment Company Act of 1940, as amended (the “1940 Act”), the Fund has entered into information sharing agreements with certain financial intermediaries. Under these agreements, a financial intermediary is obligated to: (1) enforce during the term of the agreement, the Fund’s, or in certain instances, the financial intermediary’s, market-timing policy; (2) furnish the Fund, upon its request, with information regarding customer trading activities in shares of the Fund; and (3) enforce the Fund’s, or in certain instances, the financial intermediary’s, market-timing policy with respect to customers identified by the Fund as having engaged in market timing. When information regarding transactions in the Fund’s shares is requested by a Fund and such information is in the possession of a person that is itself a financial intermediary to a financial intermediary (an “indirect intermediary”), any financial intermediary with whom the Fund has an information sharing agreement is obligated to obtain transaction information from the indirect intermediary or, if directed by the Fund, to restrict or prohibit the indirect intermediary from purchasing shares of the Fund on behalf of other persons. Please contact your financial intermediary for more information.

## **Customer Identification and Verification**

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means to you: When you open an account, the Fund will ask your name, address, date of birth, and other information that will allow the Fund to identify you. This information is subject to verification to ensure the identity of all persons opening a mutual fund account.

The Fund is required by law to reject your new account application if the required identifying information is not provided.

In certain instances, the Fund is required to collect documents to fulfill its legal obligation. Documents provided in connection with your application will be used solely to establish and verify a customer's identity.

Attempts to collect the missing information required on the application will be performed by either contacting you or, if applicable, your broker. If this information cannot be obtained within a reasonable timeframe established in the sole discretion of the Fund, your application will be rejected.

Upon receipt of your application in proper form (or upon receipt of all identifying information required on the application), your investment will be accepted and your order will be processed at the NAV next-determined.

The Fund reserves the right to close or liquidate your account at the NAV next-determined and remit proceeds to you via check if it is unable to verify your identity. Attempts to verify your identity will be performed within a reasonable timeframe established in the sole discretion of the Fund. Further, the Fund reserves the right to hold your proceeds until your original check clears the bank, which may take up to 15 days from date of purchase. In such an instance, you may be subject to a gain or loss on Fund shares and will be subject to corresponding tax implications.

## **Anti-Money Laundering Program**

Customer identification and verification is part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an anti-money laundering compliance program designed to prevent the Fund from being used for money laundering or the financing of illegal activities. In this regard, the Fund reserves the right to: (i) refuse, cancel or rescind any purchase or exchange order; (ii) freeze any account and/or suspend account services; or (iii) involuntarily close your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion of Fund management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority. If your account is closed at the request of governmental or law enforcement authority, you may not receive proceeds of the redemption if the Fund is required to withhold such proceeds.

## **SHAREHOLDER SERVICING ARRANGEMENTS**

The Adviser compensates financial intermediaries for providing a variety of services to shareholders. Financial intermediaries may include unaffiliated brokers, dealers, banks (including bank trust departments), trust companies, registered investment advisers, financial planners, retirement plan administrators, insurance companies, and any other institution having a service, administration, or any similar arrangement with the Fund, its service providers or their respective affiliates. This section and the following section briefly describe how financial intermediaries are paid for providing these services.

The Adviser pays financial intermediaries a fee that is based on the number of the intermediary's accounts that hold shares of the Fund. The services for which financial intermediaries are compensated may include record-keeping, transaction processing for shareholders' accounts and other shareholder services. In addition to these payments, your financial intermediary may charge you account fees, transaction fees for buying or redeeming shares of the Fund, or other fees for servicing your account. Your financial intermediary should provide a schedule of its fees and services to you upon request. The Fund does not pay these service fees; they are paid by the Adviser, as described in the section below.

## **PAYMENTS TO FINANCIAL INTERMEDIARIES**

The Adviser makes payments to certain unaffiliated financial intermediaries to compensate them for the costs associated with distribution, marketing, administration and shareholder servicing support. These payments are sometimes characterized as "revenue sharing" payments and are made out of the Adviser's own legitimate profits or other resources, and are not paid by the Fund. A financial intermediary may provide these services with respect to Fund shares sold or held through programs such as retirement plans, qualified tuition programs, fund supermarkets, fee-based advisory or wrap fee programs, bank trust programs, and insurance (*e.g.*, individual or group annuity) programs. For more information please see "Payments to Financial Intermediaries" in the Fund's SAI.

The level of payments to individual financial intermediaries varies in any given year based on the number of accounts holding shares of the Fund and may be negotiated on the basis of sales of Fund shares, the amount of Fund assets serviced by the financial intermediary or the quality of the financial intermediary's relationship with the Adviser. These payments may be more or less than the payments received by the financial intermediaries from other mutual funds and may influence a financial intermediary to favor the sales of certain funds or share classes over others. In certain instances, the payments could be significant and may cause a conflict of interest for your financial intermediary. Any such payments will not change the net asset value or price of the Fund's shares. Please contact your financial intermediary for information about any payments it may receive in connection with the sale of Fund shares or the provision of services to Fund shareholders, as well as information about any fees and/or commissions it charges.

## **DIVIDENDS AND DISTRIBUTIONS**

The Fund distributes its net investment income and makes distributions of its net realized capital gains, if any, at least annually. If you own Fund shares on the Fund's record date, you will be entitled to receive the distribution.

You will receive dividends and distributions in the form of additional Fund shares unless you elect to receive payment in cash. To elect cash payment, you must notify the Fund in writing prior to the date of the distribution. Your election will be effective for dividends and distributions paid after the Fund receives your written notice. To cancel your election, simply send the Fund written notice.

## **TAXES**

**Please consult your tax advisor regarding your specific questions about federal, state and local income taxes.** Below is a summary of some important tax issues that affect the Fund and its shareholders. This summary is based on current tax laws, which may change.

The Fund will distribute substantially all of its net investment income and net realized capital gains, if any. The dividends and distributions you receive, whether in cash or reinvested in additional shares of the Fund, may be subject to federal, state and local taxation, depending upon your tax situation. Income distributions (including net short-term capital gains), other than distributions of qualified dividend income, are generally taxable at ordinary income tax rates. Capital gains distributions and distributions that are designated by the Fund as qualified dividend income are generally taxable at the rates applicable to long-term capital gains.

Each sale of Fund shares may be a taxable event. The gain or loss on the sale of Fund shares generally will

be treated as a short-term capital gain or loss if you held the shares for 12 months or less or a long-term capital gain or loss if you held the shares for longer. For tax purposes, an exchange of your Fund shares for shares of a different fund is the same as a sale.

**More information about taxes is in the SAI.**

## FINANCIAL HIGHLIGHTS

The table that follows presents performance information about the Fund. This information is intended to help you understand the Fund's financial performance for the past five fiscal years. Some of this information reflects financial information for a single Fund share. The total returns in the table represent the rate that you would have earned (or lost) on an investment in the Fund, assuming you reinvested all of your dividends and distributions. The information provided below for the fiscal years ended October 31,

### Financial Highlights

For a Share Outstanding Throughout Each Year Ended October 31,

	Net Asset Value Beginning of Year	Net Investment Income	Realized and Unrealized Gains (Losses) on Investments	Total From Operations	Dividends from Net Investment Income	Distributions from Realized Gains	Total Dividends and Distributions
<b>LSV Value Equity Fund</b>							
2008	\$19.91	\$0.37 <sup>(1)</sup>	\$(7.98)	\$(7.61)	\$(0.35)	\$(1.08)	\$(1.43)
2007	\$18.88	\$0.33 <sup>(1)</sup>	\$ 1.31	\$ 1.64	\$(0.28)	\$(0.33)	\$(0.61)
2006	\$15.92	\$0.31 <sup>(1)</sup>	\$ 3.10	\$ 3.41	\$(0.16)	\$(0.29)	\$(0.45)
2005	\$14.40	\$0.23 <sup>(1)</sup>	\$ 1.90	\$ 2.13	\$(0.21)	\$(0.40)	\$(0.61)
2004	\$12.58	\$0.22	\$ 1.89	\$ 2.11	\$(0.16)	\$(0.13)	\$(0.29)

† Total returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

<sup>(1)</sup> Per share calculations were performed using average shares for the period.

2006, 2007 and 2008 has been audited by Ernst & Young LLP, independent registered public accounting firm of the Fund. The information for prior periods has been audited by a predecessor independent registered public accounting firm. The financial statements and the unqualified opinion of Ernst & Young LLP are included in the Annual Report of the Fund, which is available upon request by calling the Fund at 1-888-FUND-LSV.

Net Asset Value End of Year	Total Return †	Net Assets End of Year (000)	Ratio of Expenses to Average Net Assets	Ratio of Net Investment Income to Average Net Assets	Portfolio Turnover Rate
\$10.87	(40.90)%	\$1,611,099	0.64%	2.38%	25%
\$19.91	8.83%	\$3,123,533	0.62%	1.75%	20%
\$18.88	21.86%	\$2,817,717	0.64%	1.77%	12%
\$15.92	15.07%	\$1,009,298	0.67%	1.47%	12%
\$14.40	17.06%	\$ 338,185	0.69%	1.86%	20%

# The Advisors' Inner Circle Fund

## Privacy Notice

The Advisors' Inner Circle Fund recognizes and respects the privacy concerns of its customers. The Fund collects nonpublic personal information about you in the course of doing business with shareholders and investors. "Nonpublic personal information" is personally identifiable financial information about you. For example, it includes information regarding your social security number, account balance, bank account information and purchase and redemption history.

### INFORMATION THE FUND COLLECTS

- Information we receive from you on applications or other forms;
- Information about your transactions with us and our service providers, or others;
- Information we receive from consumer reporting agencies (including credit bureaus).

### INFORMATION THE FUND SHARES

The Fund only discloses nonpublic personal information the Fund collects about shareholders as permitted by law. For example, the Fund may disclose nonpublic personal information about shareholders:

- To government entities, in response to subpoenas or to comply with laws or regulations;
- When you, the customer, direct the Trust to do so or consent to the disclosure;
- To companies that perform necessary services for the Trust, such as data processing companies that the Trust uses to process your transactions or maintain your account;
- To protect against fraud, or to collect unpaid debts.

If you decide to close your account(s) or become an inactive customer, we will adhere to the privacy policies and practices described in this notice.

### INFORMATION SECURITY

The Fund conducts its business affairs through trustees, officers and third parties that provide services pursuant to agreements with the Fund (for example, the service providers described above). The Fund does not have any employees. We restrict access to your personal and account information to those persons who need to know that information in order to provide services to you. The Fund or its service providers maintain physical, electronic and procedural safeguards that comply with federal standards to guard your nonpublic personal information.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary will govern how your non-public personal information will be shared with non-affiliated third parties by that entity.

### QUESTIONS

Should you have any questions regarding the Fund's Privacy Policy, please contact the LSV Value Equity Fund at
